CONTEMPORARY DESIGNS, NATURAL ELEMENTS

SEA SPLASH

Cynthia Coulter began painting as a child with much inspiration from her grandmother, an accomplished artist. Working in acrylics, oils and mixed media, Cynthia enjoys combining unusual elements together such as a romantic floral with an abstract or geometric shape. Her work is inspired by landscapes, flowers, leaves and other elements of nature. In addition to creating beautiful decorative art, Cynthia has had many years of experience as a designer in the wall covering field. She is truly passionate about her work and enjoys all aspects of painting. Cynthia is a native of New Jersey.
